The Norton does have bus funds available again this year for field trips to Museum. Funds are open to Title I schools through October 31, 2015. If funds remaining (there

will be), they are then available for all schools in the district. Each school's field trip administrator or bookkeeper has to use a code when scheduling their visit on district website. They can contact Marcy to schedule a trip and we can provide them with the code prior to booking.

Most information about school tours is on the website at www.norton.org. They have a new tour offering this year for grades K-5 called "Learning to Look." All about visual literacy using common language of Elements of Art and Principles of Design.
